Tastefully photographed, creating a modern artistic style. I offer a free consultation, where we will discuss ideas for the look and style you are wanting created. The photo session will be a fun experience, with a variety of poses and styles. (pets are optional.)

I offer a variety of packages and framed prints for you to select from. These packages can be altered to suit your individual requirements. If you have any queries, please do not hesitate to make an appointment.

When choosing what to wear, make sure everyone’s colours coordinate together, similar tonal range, a colour palette / colour scheme that suits everyone, we tend to have certain colour traits. Try keep everybody within those colours you choose, try different shades, textures or styles. Also think about the theme you are wanting to portray within your photographic session. Don’t wear labels or logos as they tend to date quickly and age quickly.

Another thing to remember is to not be too strict on the family and worry the kids wont settle or take a good photo. They pick up on you being anxious and it will make the situation worse. Relax it is my job to worry about the kids, doesn’t matter if you have young children or teenagers. Its about having fun and we will get some great shots. Let’s discuss this in the initial consultation.
