I offer a free consultation, where we will discuss ideas for the look and style you are wanting created. The photo session will be a fun experience, with a variety of poses and styles. I offer a variety of packages and framed prints for you to select from. These packages can be altered to suit your individual requirements. ### **Tips and ideas to get the most out of your photographic session**

I recommend that you wear very loose clothing, especially underwear and if at all possible, no socks. As these leave indents in the skin and become costly if I have to remove in photoshop. I have robes you can use or you are welcome to bring along your own. Also think about props, I have a selection of clothing, fabrics and accessories available for you to wear. Also think about what the style you want created and bring along a selection of your favorite clothing, booties, bonnets etc.

Think about your hair? You can mix and match and have your hair up or down. Hairstylist & makeup artist available at an additional cost. All this is discussed and finalised at your initial consultation.
