

Pregnancy “Fine Art Photography”

PREGNANCY - *“Capture the beauty of this special time, in a work of art to last a life time”*

I create a warm, comfortable environment where you may wear as much or as little clothing as you like. Tastefully photographed, creating a modern artistic style. Whatever shape or age, I guarantee that you will feel proud. Capture this very special time in your life with beautiful fine art portraiture taken in a private and comfortable warm studio.

Experience being made to look your absolute best with a hairstylist & makeup artist (additional cost). Then photographed in my studio or on location by a female photographer. I offer a free consultation, where we will discuss ideas for the look and style you are wanting created. The photo session will be a fun experience, with a variety of poses and styles. Solo portraits or portraits with partners or family in a relaxed atmosphere. Children and pets are optional.

Sitting fee covers the taking of the portrait only, prints & enlargements are additional.

Tips and ideas to get the most out of your photographic session

I recommend that you wear very loose clothing, especially underwear and if at all possible, no socks. As these leave indents in the skin and become costly if I have to remove in photoshop. I have robes you can use or you are welcome to bring along your own. Also think about props and clothing you want to bring, I have a selection of clothing, lingerie, fabrics and accessories available for you to wear.

Think about your hair? You can mix and match and have your hair up or down. Hairstylist & makeup artist available at an additional cost. All this is discussed and finalised at your initial consultation.
